PROFILE

I am a motivated Full Stack Web Developer with one year of experience at SoftBd LTD, where I contributed to real-world projects using JavaScript, React, NextJS, Laravel. I enjoy tackling challenges in both frontend and backend development and I'm committed to building high-quality, scalable applications.

WORK EXPERIENCE

SOFTBD LTD

JULY 2024 - CURRENT

Junior Software Engineer

- Actively contributed to real-world projects, collaborating closely with team-member, gaining valuable hands-on experience in full-stack web development.
- Acquired and applied new technologies, including modern PHP techniques and Laravel best practices, significantly enhancing my problem-solving and project execution skills.

PROJECT SHOWCASE

Organization Management

[Github-link](#)
